Dear Mr Weisberg,

Thanks for the info. I am sending under separate cover a copy, albeit somewhat worn, of your book, gratis of course as a token apology for booksellers everywhere. We're a pretty mercenary bunch of idealists.

Enclosed find a xerox of W.B. Huie's first novel's dust jacket. The relevant passage (Huie confessing he "turned fascist") is marked in red.

I find your remarks on Melanson intriguing; my antennae will be extended next time I read him on MLK. Any clues you might wish to point out as regards his book, are welcome.

Off to work.
